Re: Letter of Recommendation for Mr. Akhil Arora
To whomsoever, it may concern,

It is to certify that Mr. Akhil Arora has been working with WebGhat Inc and Its associate companies as a Backend Developer Intern from 01 August 2022 to 01 October 2022. Akhil has led the backend development of our web-based product (LDP) in its mid-initial phase and worked really up to the mark to implement any new features coming to the platform. Also, he managed the entire workload for Backend and database management to design a functional CRUD-based application.

As a Founder and CEO of the company, I have had various opportunities to observe Akhil operate willingly, unconditionally across multiple department objectives. He has made significant contributions to our business by working on our LDP web application backend development and his suggestions to improve the platform. While his mastery lies in backend skills, also he has worked towards improvements in the user interface and critical backend and database functionalities. By the time his internship concludes, we are pleased with his front-end skills, and hence we recognize him as a full-stack developer. He has been a crucial part of our team. Akhil has been an exceptional contributor to the organization and working on more significant projects as a team member. Akhil stands out for his inquisitive attitude, professionalism to work, and constant desire to learn.

At our company Akhil has worked on:

- Developing backend logic and coding our new LDP application.
- Worked on designing MongoDB database schema and CRUD features.
- Worked on multiple pages of the application for improvements and adding more.
- Worked on debugging the earlier version v1 and improvements.
- Worked on front-end updates on the LDP application.
- Worked on improving WebGhat' s corporate website

Akhil is a very ambitious person, and we wish him the very best in his future endeavors. If you have any further questions regarding his background, please do not hesitate to contact me directly.

Regards,
